Submed Catheter Pouches

Submed Shower Protection Pouch

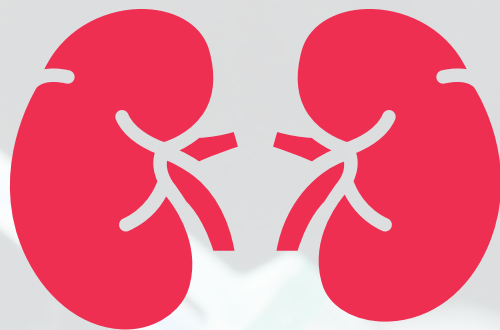

Dialysis patients with catheters, who are normally not allowed to shower because of the risk of possible infection, can now shower with peace of mind! Single-use, disposable Catheter Protector creates a strong water-resistant seal to cover and protect patient catheters (with proper application) during showers. Easy To Use - Includes protective dressing and covering to ensure a secure seal. Adhesive removal wipes help simplify removal without disturbing the catheter dressing or catheters.
